PUBLIC COMMENTS

Josie Tafoya, CSEA President welcomed re-elected Trustee Baird and welcomed elected Trustee Alvarado and stated that she is looking forward to having a positive working relationship with the school board and further expanding the methods of communication.

Josie Tafoya briefly introduced herself and described her role as CSEA president for those in the audience that were new. Josie stated that she makes an effort to invite Classified staff to the board meetings in order to introduce the classified employees and their roles so that the Board becomes familiar with the staff throughout the District and their experiences.

Josie Tafoya stated that she is coming up on her one year term of serving as CSEA President and wanted to take this time to reflect and focus on the growth and some set-backs that she has seen throughout our District over the course of the year. Josie considers herself to be a positive forward thinker and always tries to highlight the positives the District has to offer in every encounter.

Josie Tafoya thanked the Board of Trustees for the heightened communication and transparency they have demonstrated by making themselves available and helping to tackle issues as they come up. Josie stated that this has helped her to grow and learn her role as CSEA President.

Josie Tafoya also thanked Mr. Mark Keriakous, Associate Superintendent of Business Services for his patience and time taken to explain any questions that she needed clarification on in order to better understand the issue or question at hand.

Josie stated that she has appreciated the times that she has sat with Mrs. Baxter to hash out details and work through projects. This interaction has provided Josie with a different perspective not just in the capacity of CSEA President, but also as a classified employee.

Josie stated that in the course of the year she has seen the level of respect throughout the District grow, turning the corner of not being viewed as just employees but as professionals. Josie has sat with committees from different districts throughout the state and noticed that a lot of what the South Whittier School District is doing is not being done at state level. This is a huge step in the right direction for such a small District. Josie stated that she will continue to highlight all of the positives and thanked the Administrators and the Board for their support.

Lastly, Josie wanted to mention a shadowing program that Whittier City Schools had participated in that wasn't made known to the public and is hopeful that this would be something the Board would consider implementing at our District. The program allows an administrator to shadow a classified employee giving them the opportunity to better understand the day to day job responsibilities and the roles of the classified employee. Josie plans to prepare a full presentation for Mrs. Baxter to review and then it will be presented to the Board.

COMMENTS BY TRUSTEES

Trustee Alvarado addressed the community in both the English and Spanish Language and thanked the community for supporting him through his campaign and election to become an elected Trustee for the South Whittier School District. Trustee Alvarado stressed the importance of working together as a community to move forward and helping our students and schools. Trustee Alvarado stated that once he retired, one of the first things that he did was to take multiple courses at Rio Hondo College on auto mechanics. Trustee Alvarado gained a better understanding of how the engine and the proper education on mechanics work parallel, if maintained properly the automobile runs well, if not the auto would be idle. Trustee Alvarado stated that this is a great metaphor that can be applied to education. Trustee Alvarado stated that if we all work together and are aligned with the same purpose, goal and mission we will reach great heights.

Trustee Alvarado addressed the parents in the audience, in the Spanish language, by encouraging the parents to continue supporting our schools and to never stop coming as their presence is also very important. Present and united, together we will work to make our schools better.

Trustee Alvarado comment in Spanish - “Padres que hablan solo en español. Espero que sigan trabajando con nosotros, nunca dejando de venir a ayudarnos a apoyar a las escuelas. Porque su presencia es tambien muy importante. Para que esten aquí todos unidos y trabajando para mejorar las escuelas”.

Trustee Macias is excited to have them on the Board and stated that there is a lot of work ahead to be done.

Trustee Macias took a moment to commemorate Mr. Angel Cabral who recently passed away. Trustee Macias stated that Mr. Cabral was one of South Whittier’s dedicated citizens who should be remembered for all that he has done for the community. Mr. Cabral, a long-time resident funded with his own money different things for many children throughout the community. Just to name a few, he would purchase bicycles, fund trips to Knott’s Berry Farm, and Disneyland. Mr. Cabral has some history in the beautification of Amelia Mayberry Park. Trustee Macias learned that Mr. Angel Cabral was a young boy when he helped his father plant the olive trees that we see in the park today. Mr. Angel Cabral dedicated his life and money to the community of South Whittier and we should take a moment to remember him and all that he has done for the community of South Whittier.
